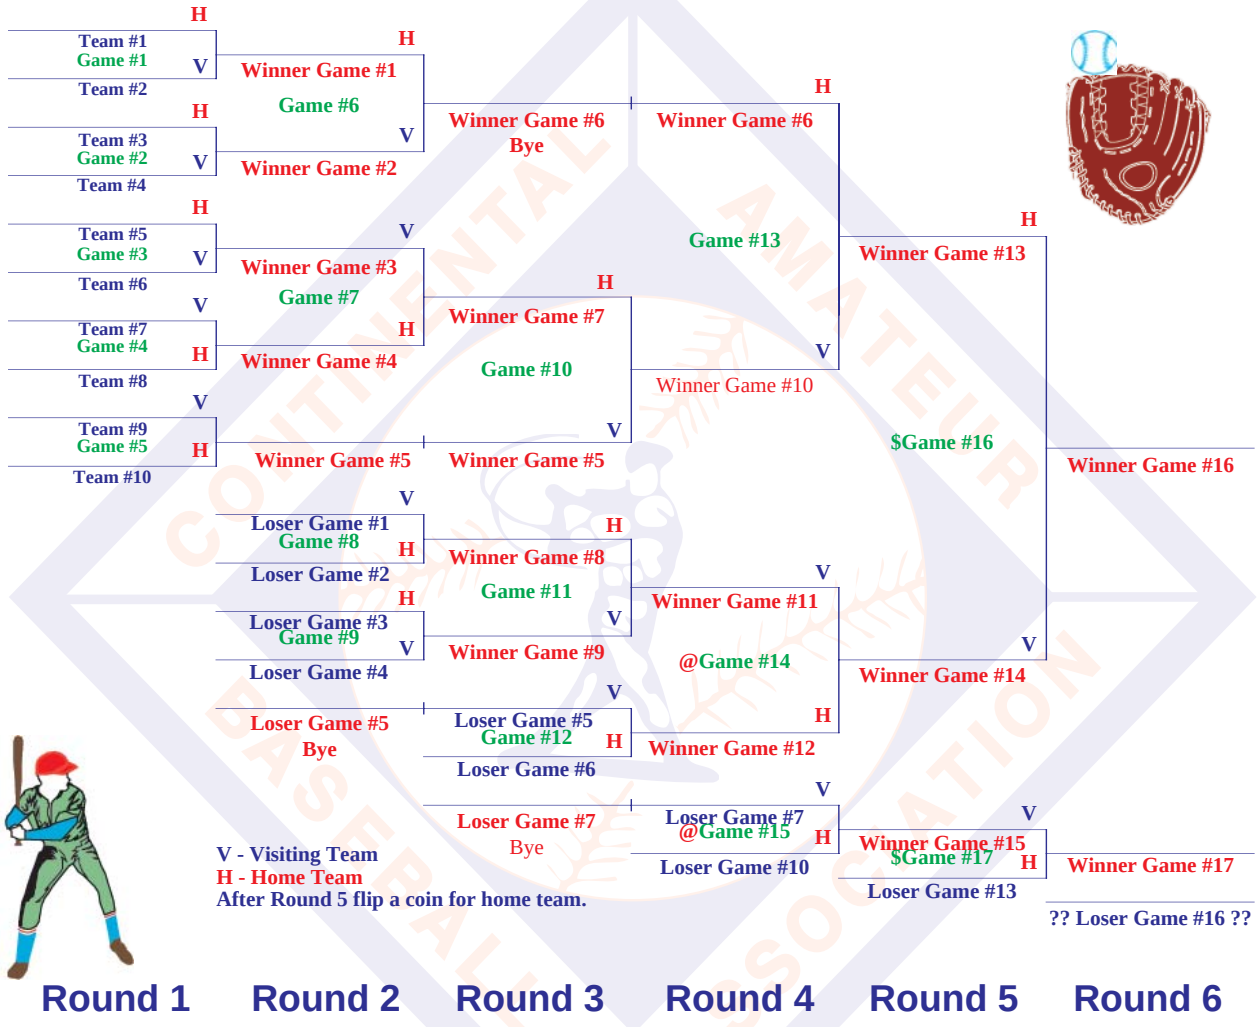
Official 10 Team Double Elimination Bracket



@Note - If in Round 4, either Game #14 or Game #15 matches teams against each other a second time, and redrawing the four loser bracket teams only can fix the problem, then do the redraw with the four loser bracket teams. The two winner bracket teams must still play each other in Game #13.

$Note - If in Round 5, either Game #16 or Game #17 matches teams against each other a second time, and a redrawing can fix the problem, then do the redraw. Note that in any case a winner will be playing a loser and the winner of Game #13 must keep the same position in the bracket in Game #16.

If after Round 5 two teams remain alive then these two teams will play 1 or 2 games for the championship.

If after Round 5 three teams remain alive then:

(a) If the Loser Game #16 has not had a previous bye or all three teams remaining (Winner Game #16, Winner Game #17 and Loser Game #16) have had a previous bye, then the Loser Game #16 will receive the Round 6 bye. The Winner Game #16 will play the Winner Game #17 in Round 6. The winner of the Round 6 game will play the Loser Game #16 in Round 7 for the championship.

(b) If the Loser Game #16 has had a previous bye and at least one of the other remaining teams (Winner Game #16 or Winner Game #17) has not had a previous bye, then the teams left without a previous bye draw for the Round 6 bye . The remaining two teams meet in Round 6. The winner of the Round 6 game will play the team with the Round 6 bye in Round 7 for the championship.
